

Introducing Our Newest Release....

Who Said Being a Mom meant you had to lose your style?

*Presenting the Luxurious
"Mommy Bag"*

The Uniqueness of this bag lies in its versatility. Large enough to carry everything...and the kitchen sink, yet styling and trendy. When extended to its maximum size it has all the space you need for babies things and yours and it has the ability to clip down to the size of a ladies shopper. Created with the softest genuine leather , it has two large zip pockets on either side of the interior for mom's things, as well as a separate pouch for mom's phone. Two detachable water roof compartments, are perfect for baby's bottles and wet wipes etc, leaving a clean dry area for baby's clothes and nappies and it opens from the top with two zips—no messy and irritating flap. Best of all it doesn't look like a nappy bag!
